Dear Patients,

If you had any labs, CT Scans, X-rays, Ultrasounds or any other tests done and you have not heard the results within a week please make sure that you contact our office for the results. When you call our office let us know the date and place of where the test was done. If you were to be scheduled for a test and have not heard from us within a week please give our office a call and let us resolve the matter.

If you have any questions or concerns please feel free to contact our office at 815-436-1655.

Sincerely,

Farah Turk, M.D.
